Specialty:

1. How will you rate the Training facility of IRCAD India?

Average Good Excellent

2. Did the training program serve its purpose?

Yes No Can't Say

3. How has your exposure been with Robotics previously?

No Exposure at all

Minimal (As an Observer)

Moderate (Have assisted in a few cases)

Proficient (Can independently perform Robotic Surgery)

4. How would you rate the practical application of the Robotics Systems that you were using?

Excellent Good Average Poor

5. Was the time assigned to each exercise sufficient?

Yes No Can't Say

6. Please describe one best thing you learned during the program.

7. How long do you feel it would take you to become an independent Robotic Surgeon?

Less than 1 Year 1 - 2 Years More than 2 Years

8. To further your practice in Robotics, what other training interventions would you like IRCAD India to introduce?

9. What other Basic or Advanced Laparoscopic Courses would you like to be held at IRCAD India?

10. Will you encourage your colleagues to undergo a training program at IRCAD India?

Yes No Can't Say
